The construction of a six (6) bed neonatal intensive care (NICU) nursery and the initiation of Level II-B NICU services. StoneCrest Medical Center is a licensed seventy-five (75) bed general hospital. It is now implementing a Certificate of Need to expand to 101 hospital beds. This proposed project will add another six (6) licensed NICU beds, increasing the hospital's approved complement to 107 licensed beds, at which time Southern Hills Medical Center (another hospital owned and managed by HCA) will delicense its six (6) bed NICU nursery, reducing its hospital license from 120 to 114 hospital beds. The project does not contain major medical equipment or initiate or discontinue any other health service, or change any other licensed beds in the area.

The discontinuance of obstetrics (OB) services. Southern Hills Medical Center is licensed for 120 hospital beds. The project does not contain major medical equipment or initiate or discontinue any other health service, or change any other facility's licensed bed complements. However, Stonecrest Medical Center another hospital owned by HCA is seeking CON approval to add a licensed six (6) bed NICU service in a companion application filed simultaneously with this application. If both are approved, Southern Hills Medical Center will delicense its six (6) bed NICU nursery service upon licensure of the StoneCrest Medical Center nursery, reducing Southern Hill Medical Center's license to 114 hospital beds.
